The Great Democratic Panic After the October Elections

The following extracts from [illegible] papers on the project of withdrawal of Seymour and Blair after the October elections will be of interest to the reader though appearing here after the Presidential election

THE WORLD REITERATES ITS DEMAND

NEW YORK, Oct 19—The World says a party cannot subsist upon vague and [illegible] Unless we can change the aspect of the canvass [illegible] repetition [illegible] overtaken [illegible] as they stand [illegible] better [illegible] but their [illegible]

The crisis is supreme. But the hearts of the Democracy do not fail them. They stand steadfast [illegible] of the fateful issues which hang trembling upon the hour and await the inspiring voice and authentic word

[illegible] FOREHOT STILL UNSUBDUED

The Democrat regards the World's movement as a feeler in favor of Lat Sexton of Massachusetts Federalism and New England Puritanism, John Quincy Adams. The jealous Pomeroy again [illegible] his oft repeated warning against the treachery of the World and declares that his pottel organ of the bondholders which has been [illegible] against the platform ever since its adoption and as an effect working for the defeat of the ticket is now coming out directly against the ticket as well as the platform and is [illegible] abandonment of all the [illegible] principles of Democracy and an acceptance of all the odious [illegible] of the New England politicians and [illegible] Federalism abolition [illegible] negro suffrage protective tariffs bondism and an alliance of the Middle and Southern Atlantic States Democracy with New England against those mighty communities which occupy the seat of future empire upon the Mississippi and its tributaries

THE BROOKLYN DEMOCRACY FOR CHASE

[From the Brooklyn Eagle

The World would have been [illegible] or insane if it had issued such an article as that of yesterday without knowing whereof it spoke and being well assured that it had the authority of the candidates whom it proposed to abandon for announcing their desire to have other names substituted for their own. We feel justified therefore after the recurrence to the subject in this morning's World in assuming the more than probability of Chief Justice Chase with a Vice President of purely conservative antecedent and character being placed before the Democracy for their suffrages and in discussing the probable effect of such nominations. We have no special party ends to achieve that might not be carried out by Mr Chase as well as by Mr Seymour. Men who notwithstanding recoil from the support of Seymour and Blair in the fear that the Democratic party might be just as violent in an opposite policy, and oppress the negroes as the Radicals oppress white men in the South could not indulge any such misapprehension if Chase were placed on the Democratic ticket and a man of conspicuous moderation of character and sentiment associated with him

WHAT WEED'S PAPER THINKS

[From the New York Commercial Advertiser]

The Blair family are enough to ruin any party and now that they have gone over en masse to the Democracy they have weighed it too heavily for endurance. In this juncture when the bewildered Democrats turn to Chase and Hancock and Andrew Johnson and solicit each in turn to go to the front Mr Montgomery Blair with the intense egotism of the family scorns the suggestion that "my brother should withdraw and thinks that Seymour should be dropped and Frank sent to the head." It is altogether too late for this repentance. But the Democratic party disgracefully and be heard of no more

ADVICES FROM THE DEMOCRATIC PARTY

[From the New York Evening Post]

Being in difficulties seeing defeat staring them in the face the Democratic leaders are anxiously casting about for some means to achieve victory. They propose to get rid of those impediments to success, Seymour and Blair and to nominate two new men. This seems to us a step or a part of a step in the right direction. We think it wise in the Democrats to abandon Seymour and Blair. Our present advice to the Democratic leaders then is that they nominate in place of Seymour and Blair the two best and most popular men now before the American people. Of course we mean Grant and Colfax. Let the Democratic Committee meet at once as is proposed and let them nominate without delay Grant and Colfax. They [illegible] these candidates beyond [illegible] and thus they will be able to "snatch victory out of the jaws of defeat." Of course when they nominate Grant and Colfax they will abandon their present revolutionary platform, for it would be absurd for them to attempt to [illegible] patriotic law respecting citizens upon that platform. We were at first inclined to advise them, while they were [illegible] to adopt also the platform on which Grant and Colfax at present stand. But it occurs [illegible] that they can do better. They are in great straits. They must do something decisive to avoid a most disastrous and disgraceful defeat. We advise the Democratic leaders then to set to work to improve the Grant and Colfax platform

[illegible] ADVICE

[From the New York Times]

It is not reasonable to suppose that so vital a change as that of the candidates is proposed by our neighbor without consultation with Governor Seymour. We commend his prudence in consenting to withdraw. Why should he linger merely to be defeated? Seymour is a good man [illegible] [illegible] authority on water [illegible] he has a large stock of copper on hand and might go into the copper trade. He is a good [illegible] withdraw. He said who he accept[illegible] that he [illegible] not accept with honor. As for Blair we [illegible] think [illegible] a good sense [illegible] [illegible] they seem to be troubled with the [illegible] [illegible] them their due however it must be admitted [illegible] they don't hurt a party much if they [illegible] belong to it

Blair does not belong to a resigning family—[illegible] self sacrificing party. If there is one [illegible] the Blairs believe more firmly than any [illegible] article of faith to which they cling with unyielding tenacity—it is that the Blair family was created for the express purpose of ruling the country. Each member of that family stands prepared with uplifted hand ready to swear at any moment that every other member thereof is the [illegible] greatest ablest and best [illegible] the creation of the Almighty Ruler of the universe [illegible] really [illegible] [illegible] greater man than Blair but undoubtedly he [illegible] He [illegible] thought it worth his while [illegible] for the purpose of the [illegible] [illegible] Montgomery accordingly [illegible] this party exigency that the ticket [illegible] so that Frank shall be the candidate for [illegible] That is [illegible] We should like to see it tried. The [illegible] wanted is [illegible] Blair's [illegible] He [illegible] get out of the way—[illegible] He overweighs it. The party [illegible] draw it

[illegible] He will see [illegible] What is [illegible] having such a party? [illegible] The party [illegible] death under the [illegible] itself to be [illegible] with at the New York Convention

THE RESULT [illegible] THEIR [illegible]

[From the New York Herald]

The result of the recent elections makes clear [illegible] that was dreaded [illegible] [illegible] the affairs of the Democratic party [illegible] the Tammany Convention [illegible] the present [illegible] demanding a change [illegible] They call upon Seymour and Blair to strike their colors and to resign in favor of some other candidates. No more suicidal policy could be suggested by the worst enemy of De[illegible]mocracy [illegible] the Republican party which has [illegible] flushed with [illegible] and distract the Democracy [illegible] [illegible] Seymour was [illegible] the defeat which [illegible] hungry politicians from the [illegible] of the [illegible] other [illegible] the organization in [illegible] A strong opposition [illegible] whatever party may [illegible]

The [illegible] Democratic party in Congress may be attributed [illegible] Radical [illegible] three years. We [illegible] that Seymour [illegible] remain in the field and that the Democracy should make the best fight they can in November [illegible] but they will [illegible] make a better show in Congress than they have made for many years. It may be hard for the hungry politicians who are famishing for the spoils of office to find the doors of the Treasury shut in their faces, but the Democratic masters who fight for principles, can afford to wait. At all events it appears certain that they will be compelled to do so for another four years at least

DEMORALIZATION OF THE NEW YORK DEMOCRACY

[Special Dispatch to the Chicago Tribune]

NEW YORK Oct 19 —New York Democrats are greatly divided upon the present condition of political affairs. Many of them including Tammany Hall bitterly denounce the World say it has entirely ruined the prospects of the party that it has sold out to the Republicans etc. At declared to be the organ of the Manhattan Club not of the people

The opinion is widely prevalent here that the World has injured the party irreparably. Numerous Democrats say they will vote for Grant and Colfax. It is thought the World's course will change thousands of votes in this State alone

The Express this evening says "If the World means what the enemy says it meant there are insuperable difficulties in its programme. First who is to throw the candidates overboard who is to substitute others in their stead? What authority can there be for any change short of that of the Democracy in National Convention? Or who would respect any other authority? Again the change of front when advancing on an enemy is one of the most perilous of tactics military or political

The Democrat has the following on the World: "A column and a half of double leaded cowardice and treason appears in the bondholders organ of this morning counselling a backing down from somebody or something and so far as its influence goes arresting and confusing the Democratic ranks in their pride of strength after the great and brilliant achievement of this week, and at a moment when all true men are falling in and closing up for the grand decisive charge of November when the World's cry should be, Courage men, upon them and sweep them from the field! we hear the croakings of this bird of ill omen and read base pusillanimous advice.

The Telegram also opens its batteries on the World calls it perjured corrupt perfidious and demands that the office shall be burned by the indignant Democrats

The Round Table throughout the campaign in sympathy with the Democrats and often predicting Seymour's election has a long article this week declaring that the party has committed political suicide that it owes its destruction to its own oft repeated blunders

Democrats are most sorely depressed and Republicans correspondingly jubilant over the new dissensions caused by the World. Hoffman's chances are supposed to have been materially injured and this evening even bets, offered by Republicans on his being defeated, were declined. Numerous prominent Democrats among them Judge McCann, have declared their intentions to vote for Grant. Some of them favor the resignation of Seymour and the concentration of all the party's strength upon the triumphant General

Franklin and the Spark of Electricity

The following extract from Mr Mace's new volume respecting Franklin's electricity discovery is interesting

Franklin was not a learned man for he was a printer, working for his daily bread, but liking study very much he wrote certain books for the improvement of his cotemporaries which will never go out of date, because they include the secret of all true manliness. From a book that happened to be sent from England, Franklin learned what I have just been endeavoring to teach you and the idea occurred to him that since the discharge of an electric machine resembled as it were terrestial electricity of a certain force, celestial electricty or the lightning of heaven with its noise and its brilliancy might after all, be nothing more nor less than an immense electric discharge. And he found that he was right

Franklin had announced three years previously that by placing metallic wires on end at a sufficient hight insulated from the ground and terminating each in a point one could see them electrified on the approach of a thunder cloud and he was waiting until a steeple then in course of erection in Philadelphia should be completed that he might make the experiment. Tired of waiting however he at last constructed a kite with two sticks and a hankerchief arming it with a metallic point and one stormy day he went into the fields to fly it. A large black cloud passed over the kite and Franklin received electric sparks by touching a key with his finger having first fastened the key to the end of the kite string: this was indubitable proof of the presence of electricity in the cloud

This took place in June 1752 and now mark well [illegible] By waiting [illegible] for the steeple [illegible] Franklin was not the first to realize the [illegible] which he was [illegible] A month previous on May 10 at 2 30 o'clock in the afternoon the first electric spark drawn from the clouds as one may say was seen by a carpenter at Marly the Marly of Louis XIV—which will one day be talked of for this let me tell you much more than for its having been the [illegible] of the King for whom the world at large will care but little. Marly [illegible] St Germain and belonged to [illegible] it was built by Louis XIV

[illegible] history of this spark which [illegible] many a battle

[illegible] had undertaken [illegible] the ideas of the Philadelphia printer [illegible] as he already begun to astonish the [illegible] of Europe who were [illegible] to see themselves [illegible] crown [illegible] to hold no rank among philosophers. As [illegible] was occupied with more important affairs [illegible] he [illegible] his friends named Dalibard

This Dalibard [illegible] intelligent man [illegible] [illegible] the new [illegible] that impatient [illegible] convenience was right [illegible] could not wait till Franklin [illegible] his experiment [illegible] [illegible] the [illegible] quiet the [illegible] of American [illegible] this period

Dalibard [illegible] feet [illegible] from the [illegible] Paris leaving [illegible] a carpenter [illegible] lose sight of it [illegible] The storm came [illegible] Dalibard [illegible] to see with his own eyes the fire of heaven coming down [illegible] and exposing its [illegible] for the gratification of human curiosity

B[illegible]K AT THE BOTTOM OF IT.—A French journal the [illegible] speaking of recent events in Spain [illegible] "Take care! When revolution falls upon any one point of Europe it is like a drop of oil on the map which keeps spreading and spreading." This means we presume that there is danger that the Spanish revolution will spread that it will prove the beginning of a general movement in Europe and that it threatens to affect France. Meantime we note that numerous French journals credit that terrible fellow Bismarck, with being at the bottom of the whole affair, arguing that he kindled the revolutionary fire for the purpose of starting a general European conflagration which would utterly destroy Louis Napoleon! This seems a wild surmise. A general popular revolution in Europe would be likely to disturb Prussian monarchy quite as much as French Imperialism.

SATURDAY MORNING NOVEMBER 7, 1868

The State

Last night the telegraph reported the result in Umatilla county. Some changes are also to be noted in the counties hitherto reported. We give a table containing the corrections we have been able to make.

Umatilla		31[illegible]

Grant's majority so far 334

Three counties remain to be heard from viz Union, Baker and Grant. In June last Smith had 492 majority in these counties. We expect considerable Republican gains in Baker and Grant, though the result may be so close as to require the official count to determine this. We gain 65 in Umatilla county.

The Latest Triumph over Rebellion

It is all over now and the nation will have peace and quiet. The extraordinary political agitation of the last three years has been wholly caused by the apostasy of Andrew Johnson and the persistent endeavors of the Democratic party to make the great rebellion respectable and to give its authors the chief control of the country. These attempts, after a tremendous struggle, have been defeated. There is no longer any obstacle to the execution of the loyal will of the nation. The policy which the people expected to see pursued after the rebel surrender will be pursued and enforced, and we shall have peace based on rebel submission, the only possible basis of an enduring peace.

Let us hope that the Democratic party has now made its last attempt to drag the corpse of the rebellion from its grave and to galvanize it into life. It is not desirable that the country shall be forever kept in commotion, therefore it is to be hoped that it has been called on for the last time to fight the battle of the rebellion. These fierce contests are detrimental in every way to the interests of the country. They embitter the people against each other, they kindle anew animosities which ought to be buried forever, they keep the temper of the people perpetually ruffled and public and private affairs in continual disorder and uncertainty, and hinder the moral advancement and general prosperity of the country. Neither the doctrines of the rebellion nor those of the Democratic party (there has been for years no practical difference between them) will be suffered to prevail in this country. Therefore every man who has the good of his country at heart should hope that the Democratic party will cease to struggle for its old objects and never make another fight on the principles it has advocated since the days of Buchanan's treason. But as often as the people are compelled to meet this party on the [illegible] of the rebellion the result will be the same as that of the Presidential struggle which has now closed.

Cuban Slavery.

Spain hesitates bet[illegible] a constitutional monarchy and a Republic. If she proclaims herself a Republic, the knell of Cuban slavery will have sounded. And even if Spain becomes a liberal constitutional monarchy, the first families of Cuba may well tremble for their chattel property. The sentiment against slavery is very strong in every European country and throughout the civilized world. Slavery is now universally judged by the law of abstract right, and judged by that law the moment it is admitted that the negro is a *man*, all the defense of the peculiar institution falls to the ground. Movements seem to be making for the abolition of slavery in Cuba. Like the French, who, the moment they succeeded in asserting the doctrine of "Liberty, Equality and Fraternity" at home logically followed out the principle and emancipated the blacks in the French West Indies, so the Spaniards, who are now just struggling into the light of freedom themselves are manifesting an unmistakable disposition to strike the shackles from their Cuban slaves. The only zealous apologists for slavery in any part of the civilized world during the present century have been the so-called Democratic party of the United States.

We have not heard whether Stout, Chapman & Co have yet handed in their resignations or not. It is certainly time they were doing it. Come, gentlemen, put your own principles into practice. The people of Multnomah county have instructed you to resign. Do you hear? Consistency says, 'Resign!' Decency says, 'Resign!' Your record says, 'Resign!' And the countenance of every man you meet on the streets preaches you a sermon on the duty of resigning. You have yourselves prescribed the medicine for such cases as this. Walk right up, then, and take a good dose of your own celebrated resignation bitters.

The result in Connecticut shows what the State will do when the Democratic plug uglies of New York are kept at home. The Republicans carry the State by over 3 000 majority. Last spring the Democratic vote of Connecticut was 50,215. It is now but 46,351 showing that the Democrats imported on that occasion not less than 4 000 'voting cattle' from New York. In the Presidential election these Democratic proletaires could not be spared from home, and the result is that the Republicans carry Connecticut by a sweeping majority. Grant's majority in the State is more than 1 000 larger than Lincoln's was in 1864.

Why don't Beriah rail against the 'loyal telegraph' for reporting such 'partisan' news as it has furnished for some days past? According to [illegible] Beriah the telegraph is the greatest liar that ever existed. It lied about the fall elections and who knows but it has been lying for a week about the result of the contest for President? In Beriah's judgment the telegraph never told the truth except when it reported a rebel victory or the result of a Kentucky election.

After President Grant assumes the duties of Chief Executive of the nation such Copperheads as Beriah Brown will be saved the trouble of telegraphing to San Francisco and Washington to [illegible] that officers in this part of the country [illegible] removed because they are Radicals and obnoxious to Copperheadism. Employments of this sort are nearly at an end.

The Republicans elected two Congressmen in Philadelphia. O'Neill in the Second District by 1,620 majority, and [illegible] in the Fourth District by 1 850 majority.

Our friends will bear it in mind that the Republicans of Portland intend to jubilate to-night. Come out and let us rejoice together.

DISPATCHES TO THE OREGONIAN

DATES TO NOVEMBER 5.

General Political News.

AUGUSTA Nov 4.—City quiet. The leading citizens are acting with the military and peace is preserved. There was no disturbance in Georgia yesterday except at Savannah and Augusta. The indications are for a Democratic majority in the State of fully [illegible] perhaps [illegible].

HARTFORD, Nov 4.—A Democratic [illegible] the Republican torchlight procession [illegible] bearing a banner with the inscription "Let us be friends."

CHICAGO Nov 5.—Latest revisions give New York to Seymour by a 208 majority. The *Tribune* concedes the State to Seymour by upwards of 5,000 and Hoffman's at [illegible] majority. It claims the Assembly Republican by six majority. The *World* figures Seymour's majority at 9,743 and Hoffman's at 27,[illegible]. It claims 4 majority in the Assembly.

MONTGOMERY, Ala. Nov 5.—Negro counties which give Grant majorities have been heard from. The Democrats think Republican majority will be [illegible] the white counties and seem confident Seymour has carried Alabama.

CHICAGO Nov 5.—Paine, Republican, is elected to Congress from the first District of Wisconsin by [illegible] majority. Mitchell, a wealthy bank and railroad capitalist of Milwaukie, strongly expected to carry the district.

Nothing received to change the result in any State. It is estimated that the Republicans have 139 members in the Forty First Congress, allowing 2 to California, and the Democrats 86.

In response to a serenade at Galena last night Grant made the following speech: Friends and fellow-citizens of Galena—Thanks for this additional mark of kindness. Sufficient, I suppose, has now been heard of the result of the election to show upon whom has fallen the great honor to administer the affairs of the Government for the next four years. I suppose it is no egotism in me to say that the choice has fallen on me. The responsibility of the position I feel but I accept it without fear, if I can have the same support which has been given me thus far. I thank you and all others who fought together in this contest, a contest in which all were interested personally as much and more than I. I now take occasion to bid you good bye, as I leave to-morrow for Washington and shall probably see but few of you again for some years to come, although it would give me much pleasure to make another pilgrimage to the place where I have enjoyed myself as much as during the past few months. At the conclusion of Grant's speech the crowd proceeded to the residence of Congressman Washburne, who made a stirring speech.

CHICAGO Nov 5.—Specials from New York give detailed accounts of frauds practiced in the city by Democrats. The Democrats propose to return Seymour to the Senate but the Republicans also claim a majority in the Assembly and will probably elect Morgan. Hoffman's case will probably be carried to the Court of Appeals, which has a majority of Republicans on the bench. They propose to act promptly in contesting Hoffman's election. Griswold will arrive to-morrow and announce measures.

HAVANA Nov 3.—Santa Anna arrived at San Domingo and landed at Rialto Plato but is not decided whether to remain or proceed to the capital.

From the Southern States

SAVANNAH Nov 2.—The negroes were disbanded last last night but are again assembling at Telfair Plantation. They are said to be armed with U S muskets. The hope is entertained that there will be no collision but the excitement in the city is great.

AUGUSTA Nov 5.—The returns indicate that the Democratic majority in Georgia will be 40 000.

WILMINGTON (N C) Nov 5.—Returns show Democratic gains, but it is not supposed enough to overcome the former Radical majorities. Stralerge (conservative) is certainly elected to Congress in the 6th District. Partial returns from the 7th District indicate the election of Durham, a conservative.

NEW ORLEANS, Nov 5.—Returns from the country parishes show the same disparity between the Democratic and Republican vote as in the city. West Baton Rouge, Shereville and Algiers show a Republican majority. The entire Democratic Congressional delegation is elected, and the Democratic majority in the State is nearly 30 000.

Colfax at Pittsburg.

PITTSBURG, (Pa) Nov 6.—Schuyler Colfax arrived this evening. He was met at the depot by an immense crowd. During the evening he was serenaded by the Tanners.

BY ATLANTIC CABLE

VIENNA Nov 4.—It is said Baron Bourburges has secured a peaceful settlement of the Schleswig dispute.

PARIS, Nov 5.—The *Patrie* says that Burlingame and Embassy will arrive in Paris in January, and will make a proposition to open foreign commerce with ports in the interior waters of China, and have Chinese consuls in all great cities in Europe.

The sheriff of London gave a dinner this evening at which Reverdy Johnson was the chief guest, and he had an enthusiastic reception. In reply to a toast to the United States Johnson said although he was a Southern man he always believed the Union should be preserved at any cost. He extolled the generals of the war, particularly Grant, Sherman, Hancock and Sheridan, and Admirals Farragut and Porter. He believed the American debt would be paid in gold.

LONDON, Nov 5.—A special dispatch says the Queen of Holland is at Balmoral Castle, where she has been received with much cordiality by Queen Victoria. Lord Stanley and Disraeli were with her from London. Her visit is connected with questions relating to free navigation on the Rhine.

LONDON, Nov 4.—The reports that American vessels of war had been sent up the Paraguay river to Assumption, is confirmed. They have been ordered to demand the immediate [illegible] of all members of the United States legation, held prisoners by Paraguay.

HAVANA, Nov 4.—The following is from Venezuela. General Pinto has been elected President of Bolivia. General Monagas was sick and his life despaired of.

It is reported that two parties, the Godos and Liberals who united for the overthrow of President Falcon, are quarreling, and a serious disturbance is threatened.

LONDON Nov. 6.—The *News* thinks the American people are evidently weary of their last two years' experience and demand a strong government.

The *Standard* charges the Republican party with the suppression of freedom, voting in several States for the enfranchisement of hundreds of thousands of ignorant blacks and the disfranchisement of nearly all the Southern people. This state of things, if continued, coupled with the fact that the Radicals held possession of the State governments and had control of the polling books, with their notorious readiness to abuse this power, made the Democrats fight at terrible disadvantage, but had the Democratic party nominated Chase or McClellan instead of two second-rate politicians, it might have succeeded in the election.

The *Times* holds that though the Democrats are beaten and the Representatives in Congress will be largely against them, they are yet a powerful party and must greatly influence the policy of the government. The success of Gen Grant no one is disposed to regret. He has fairly won his high rank by hard work, real devotion to his country and services which will live long in its remembrance. He is no politician and will take his office with greater freedom than if he had uttered all the *shibboleths* of party.

The Queen has returned from Scotland and is now at Windsor Castle.

The boisterous weather in the Channel has caused a partial suspension of travel.

BERLIN Nov 6.—Herr Forkenbeck has been re-elected President of the Chamber of Deputies.

Dr Jacoby, the eminent Liberal Statesman, announces his withdrawal from the ranks of the progressive party.

PARIS, Nov 5.—The *Gaulois* newspaper says that agitators are circulating a report that the Emperor Napoleon will throw his influence in favor of Don Carlos should he be presented as a candidate for the throne of Spain. A dispatch to the same journal reports that the selection of a Spanish grandee for King is mooted in Madrid.

All the journals have editorials on the result of the Presidential election in the United States. The *Patrie* says General Grant is the man of the nation. He saved the nation and will restore it to its former standing among the great powers. Americans everywhere are enthusiastic over the result, and Europe applauds the decision of the Republic. This election establishes order and peace—the highest aim of the United States. The *Etendard* regards the election as a continuation of victories over the South. The mission of Gen Grant is a difficult one. He will find it necessary to oppose Congress and the affairs of the country require a strong and able hand to repair the broken links of liberty. Both continents have reason to be pleased with the result. Gen Grant is worthy the succession of Washington. The Journal *De Debats* and other liberal journals are satisfied with the result and calls Grant a true successor of President Adams. *La Presse* deplores the success of the Republican party as a triumph of centralization and thinks it singular that a soldier should be elected chief of a great power while the nations of Europe seek peace.

Oregon Election Returns.

ALBANY Nov 6.—The county has given 220 majority for Seymour.

ROSEBURG Nov 6.—Douglas county gives Grant 11 majority. Coos district is yet to hear from but it will not materially change the result.

CORVALLIS Nov 6.—Official returns of Benton county are all received. The entire vote polled is 1 085. Seymour 549; Grant, 536—making the Democratic majority 13.

OREGON CITY Nov 6.—Official returns of Clackamas county show a total vote of [illegible]. Grant [illegible]; Seymour [illegible]; making Grant's majority 81. The Republican gain [illegible] over the June election.

BY DALLES TELEGRAPH

DALLES Nov 6.—Seymour's majority in Umatilla county is 19[illegible]. No election news from Baker, Union or Grant. Nothing had been heard from the interior when the boat left there to day.

Three hundred and fifty thousand as brave soldiers and as noble patriots as ever breathed the breath of life, yielded up their lives to shield the Republic against the assaults of Democratic treason. And the people have said that this shall not be a vain sacrifice.

Schenck's majority over Vallandigham for Congress is 173. Ashley was beaten by 717 majority, though the Republican State ticket had 707 majority in the District. Thus Ashley ran 1,423 votes behind his ticket.

IT IS AN INVARIABLE LAW OF NATURE, that every human being shall do those acts which he thinks will secure good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of. In conformity with that law, it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of. The fair sex, who certainly are always most happy to comply with all things beneficial to themselves and families, should not fail to examine the fine and extensive stock of Kohn & Fishel, and they will confess their stock of Dry Goods to be of superior quality and at figures below other houses. Men, more bold and less calculating than our fair ladies, should be reminded that Kohn & Fishel, indeed, are the leaders of fashion, the lowest in price, and no man should wear clothes unless they are purchased at Kohn & Fishel's, No 91 Front street.

TEETH EXTRACTED By Dr. Richardson's Apparatus, Lately Improved by Dr. Koehler, with Ether Spray.

WILLIAM KOEHLER, DENTIST.

OFFICE—Southwest corner Front and Yamhill Streets, opposite R J Northrup & Co's Hardware Store.

I am now making amongst numerous other styles of ARTIFICIAL TEETH the improved Vulcanite Plates of Dr G W Cool's Patent, patented Dec 3, 1867, the improvement of which consists in lining the entire concave surface with fine gold. It not only makes the plate double as strong and cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.

N B.—Dentists wishing to secure the office right for Dr G W Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.

N B.—To strangers I would say that a constantly increasing Dental Practice for the last five years in this city will be a sufficient guarantee for them to receive a First Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

SALEM ITEMS.—From the *Unionist* we learn that [illegible] Republicans intend to have a jubilation this evening over the late victories.... Dr John A. Veach, a noted [illegible] from California, has been elected to the chair of chem[illegible] istry in the Wallamet University, Medical D[illegible] The Doctor will deliver a course of [illegible] on chemistry and toxicology, and it is [illegible] he will deliver a course of lectures on [illegible] The substance mentioned yesterday as bein[illegible] red chalk or a pigment, was submitted to Dr. Veac[illegible] who gives it as his opinion, from a [illegible] vestigation, that the substance is decomposed volca[illegible] ashes compressed, in which case the [illegible] valuable as that substance makes good fire brick. The[illegible] useful and indispensable articles are shipped from [illegible] land and if a mine of good fire clay can be f[illegible] in the [illegible] vicinity it would be almost as valuable as a gold [illegible]

STILL ABLE TO SPEAK.—The miserable miscreant who [illegible] the State's cannon off the bank of the river an[illegible] spiked it did not succeed in stopping [illegible] Union thunder. The piece was brought over to this sid[illegible] [illegible] day the spike was removed without serious troubl[illegible] and the piece will be one of the [illegible] at the Republican jubilee to-night. It is to be [illegible] that the [illegible] who tried to stop its throat will be within hear[illegible] and that his auricular nerves will be [illegible] enough to impair his enjoyment of the thunder.

PREPARATIONS FOR THE JUBILEE.—The Union men of th[illegible] city are making extensive preparations for the jubil[illegible] to-night. They will have a great number of torche[illegible] and transparencies with mottoes enough to educate t[illegible] whole Democratic family if they can only get a starter [illegible] the spelling. The Union people, especially along the li[illegible] of march, are requested to illuminate their houses. [illegible] have heard of a good many who propose to do so, and [illegible] hope that all will do it.

SERIOUSLY HURT.—One of the workmen—E. F. Po[illegible] ers—in the sash and door factory of W F Wilcox w[illegible] badly hurt yesterday morning while working at a s[illegible] circular saw. He was cutting a small piece of lumb[illegible] when the saw caught one of the ends and threw it v[illegible] lently back in his face, breaking his jaw bone, knock[illegible] out several teeth and cutting a terrible gash. He w[illegible] removed to the New Columbian hotel and at[illegible] by Chapman.

Keep Disease at Bay.—Invalids, broken down in health and spirits by Chronic Dyspepsia, or suffering from the terrible exhaustion which follows the attacks of acute disease, the testimony of thousands who have been raised as by a miracle from a similar state of prostration by HOSTETTER'S STOMACH BITTERS is a sure guarantee that by the same means you too may be strengthened and restored. But to those who stand in peril of epidemics, to all who by reason of exposure, privations, and uncongenial climate or unhealthy pursuits may at any moment be stricken down, this paragraph is most *particularly* and *emphatically* addressed.—You, who are thus situated are proffered an absolute safeguard against the danger that menaces you. Tone and regulate the system with this harmless medicinal Stimulant and Alterative, and you will be forewarned against the maladies whose seeds float around you in the air unseen. HOSTETTER'S STOMACH BITTERS are not only a standard Tonic and Alterative throughout the United States, but they are accredited by the certificates of the most distinguished citizens of the Union, to the people of all other lands. In Canada, Australia and the West Indies they are gradually taking the place of all other stomachics, whether native or foreign and as surely as truth is progressive and demonstration overthrows doubt they will eventually supersede every other Invigorant and Restorative now employed in medicinal practice.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise which commands here and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.

Laws of Oregon

An Act to amend Section 1 and 4 of Chapter 39, of the laws of Oregon relating to Oysters and Salmon.

Be it enacted by the Legislative Assembly of the State of Oregon:

That section one (1) and four (4) of Chapter 39, of the laws of Oregon, relating to Oysters and Salmon, be, and the same is hereby amended to read as follows:

SECTION 1. That the natural beds of Oysters in the waters of this State, shall be free to all citizens thereof who shall have resided in this State one year, and shall have been residents of the county where such beds are located, for a period of six months immediately preceding the time of taking such Oysters, but artificial plantations of Oysters, belonging to citizens of the State, if distinctly marked out by means which shall not obstruct navigation, and not exceeding the extent allowed by local regulation, shall be protected by law as private property.

SEC. 4. No person shall gather or take Oysters from natural beds within the waters of this State, with a scoop, scrape, drag or dredge, nor shall any person gathering Oysters from natural or artificial beds commit or permit waste by casting young Oysters or shells on shore, or other places unfavorable to their growth or increase. Owing to the fact that the present is the season for gathering Oysters, and the natural beds in this State are daily exposed to injury, this Act shall take effect and be in force from and after its approval by the Governor.

Approved Oct. 24, 1868.

An Act donating certain lands to the Dalles Military Road Company.

WHEREAS, at the second session of the Thirty-Ninth Congress that body passed an act entitled "An Act granting lands to the State of Oregon to aid in the construction of a Military Road from Dalles City, on the Columbia river, to Fort Boise, on the Columbia river," approved February 25, 1867, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled,

That there be, and hereby is, granted to the State of Oregon, to aid in the construction of a military wagon road from Dalles City, on the Columbia river, by way of Camp Watson, Canyon City and Mormon or Humboldt Basin to a point on Snake river, opposite Fort Boise, in Idaho Territory, alternate sections of public lands, designated by odd numbers, to the extent of three sections in width on each side of said road;

Provided, That the lands hereby granted shall be exclusively applied to the construction of said road, and shall be disposed of only as the work progresses; and,

Provided further, That any and all lands heretofore reserved to the United States, or otherwise appropriated by Act of Congress, or other competent authority, be, and the same are hereby reserved from the operation of this Act, except so far as it may be necessary to locate the route of said road through the same; in which case the right of way, to the width of one hundred feet is granted; and,

Provided further, That the grant hereby made shall not embrace any mineral lands of the United States.

SEC. 2. *And be it further enacted,* That the lands hereby granted to the said State shall be disposed of by the Legislature thereof for the purpose aforesaid, and for no other; and the said road shall remain a public highway for the use of the Government of the United States, free from tolls and other charges, upon the transportation of any property, troops or mail of the United States.

SEC. 3. *And be it further enacted,* That said road shall be constructed with such width, gradation and bridges as to permit of its regular use as a wagon road, and in such other special manner as the State of Oregon may prescribe.

SEC. 4. *And be it further enacted,* That the State of Oregon is authorized to locate and use in the construction of said road an additional amount of public lands, not previously reserved to the United States, nor otherwise disposed of, and not exceeding ten miles in distance from it, equal to the amount reserved from the operation of this Act, in the first section of the same; to be selected in alternate sections, as provided in Section first of this act.

SEC. 5. *And be it further enacted,* That lands hereby granted to said State, shall be disposed of only in the following manner, that is to say: when the Governor of said State shall certify to the Secretary of the Interior that ten continuous miles of said road are completed, then, a quantity of the land hereby granted, not to exceed thirty sections, may be sold; and so on from time to time, until said road shall be completed; and if said road is not [illegible] within five years, no further [illegible] shall be made, and the lands remaining unsold shall [illegible] to the United States.

SEC. 6. *And be it further enacted,* That the United States Surveyor General, for the District of [illegible], shall cause said lands so granted to be surveyed at the earliest practicable period after said State shall have enacted the necessary legislation to carry this Act into effect.

Therefore be it enacted by the Legislative Assembly of the State of Oregon;

SEC. 1. That there is hereby granted to Dalles Military Road Company, incorporated, as appears by the articles of incorporation filed in the office of Secretary of State on the 30th day of March, 1868, all lands, right of way, rights, privileges and immunities heretofore granted or pledged to this State by the act of Congress in this act heretofore recited, for the purpose of aiding such company in [illegible] the road mentioned and described [illegible] act of Congress, upon the conditions and [illegible] described.

SEC. 2. That [illegible] granted and pledged to said D[illegible] Company, all moneys, lands, [illegible] and immunities which may [illegible] to this State to aid in the [illegible] road, for the purpose and upon the [illegible] mentioned in said act of Congress [illegible] may be mentioned in any further [illegible] to aid in constructing said [illegible].

Approved Oct. 26, 1868.

Mr. Zachariah Wilson, Portland, Oregon, writes;

"It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—its curing me of Chronic Rheumatism and Lumbago, of long standing entitles Dr. Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Ear-ache, Distressing Pains etc."

John English of Howell Prairie, Marion county, Oregon writes:

"I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months so that I had to use crutches, meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief, and I was able to walk in four days without crutches. I have not felt any rheumatism since. I have seen your family medicines used with excellent [illegible]. I have no hesitancy in saying it is the best preparation for family use ever tried for those complaints. I am now on my way to South America after residing in Oregon twenty years. I must now have two dozens Balsam and two dozens of your Magic Oil, dollar bottles, as I am sure they are the best remedies in Oregon, and I would not do without them in my house, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply.

WEEKLY REVIEW.

PORTLAND, Nov. 6, 1868.

By telegrams of the 4th, gold in New York is given at 133¼. San Francisco legal tender rates, 73@74.

The Eastern grain and breadstuff markets are quoted as generally dull and irregular. California wheat in New York has declined five cents on the bushel, with a continued downward tendency. Late advices from the East report full receipts at the primary markets, but the carrying capacity insufficient, and the major portion had not yet reached the Atlantic cities. When the usual full receipts are had the market will doubtless become more settled. San Francisco markets, like our own, are in an unsettled condition. Few material changes are noticed in our dispatches. Grain of all kinds is dull, with but limited transactions during the week under review.

Such has been the intensity of political excitement for the past week that it has for the time overshadowed almost all other questions. Trade in our home market has been very quiet, and many staple articles are dull. The wheat still remains as at last quotations, although the tendency is downward, and as soon as the receipts are as full as may be anticipated in the course of a fortnight, a decrease in prices may be fully expected. Other cereals remain unchanged. Flour is dull and not over plenty at the rates we give below. In bacon and hams a rise is noticed. During the week the receipts of produce have not varied materially in amount from those of last week. All commodities which we import are more abundant, the steamer *Oriflamme*, the *Live Yankee*, *Sally Brown*, *Brewster*, *Almatia* and *Alaska* having arrived during the week, all with fair and some with full cargoes. The arrival of the *Sally Brown* with 600 tons, direct from New York, marks a new era in the success of our commerce, and the success of the "Pioneer Line" will accelerate the coming of better days in Oregon. The cargo of the *Alaska*, from Honolulu, supplies a want which has occasioned serious inconvenience in the articles of syrups and sugars, with which she is freighted. Our jobbing houses are well filled, generally, and there is immediate prospect of increased activity in trading circles.

Farmers of Oregon!

CASTONS'S X-L-SIOR

BROAD-CAST GRAIN-SOWER.

THIS VALUABLE LABOR-SAVING MACHINE, which has already been adopted in nearly every Agricultural county in the State of California and in every county where it has been presented, has been brought to Portland by

MR. JAMES BRUSIE.

who holds the exclusive right to the same for the State of Oregon; and is now ready to accommodate the farmers of this State with machines, and to sell county rights to manufacture the same.

This machine saves the entire cost and labor of sowing a field excepting the cost of a machine—the same team being used for sowing and harrowing as is used for harrowing alone, the farmer or his boy riding and driving his team, instead of walking and carrying his heavy sack, and then walking and dragging his grain in.

The inventor of this valuable aid to farmers is a man of large experience in seeding machines, and has happily succeeded in this invention, in producing a machine which, whilst it carries the farmer as if on a sulky, sows wheat, barley, oats and peas with greater regularity than the same can be sown by hand, and at the same time the harrow attached to it, immediately behind, covers the grain and the labor is done. Any intelligent farmer who has ever carried a sack and sowed grain will readily see that the X-L-SIOR Grain Sower will save its entire cost in labor alone—to say nothing of its saving in seed—in sowing comparatively but few acres, and we have placed an improper estimate upon the enterprise of our Oregon farmers if this machine is not generally adopted in this State, as it has already been in California, and where the farmers write to the inventors respecting it after this manner:

LINCOLN, (Placer Co.), Sept. 5, '68.

MR. H. A. CASTON—*Dear Sir,* I have two complete machines (X-L-SIOR) which I challenge the State to beat for sowing grain. I have not as many fingers in the shaft as you directed, but *I do not want my machines to sow any better than they do. I have sowed and gauged them perfectly.* T. C. PURINGTON

By addressing or calling upon Mr. Brusie at C. Hopkins, corner First and Morrison streets, in the city, machines or County Rights to manufacture and sell the machines can be purchased at reasonable rates.

Medical.

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER,	ROB'T RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

Prepared by **SMITH & ROACH,**

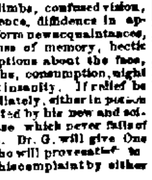
TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,



616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of those fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oreg.* [illegible]
